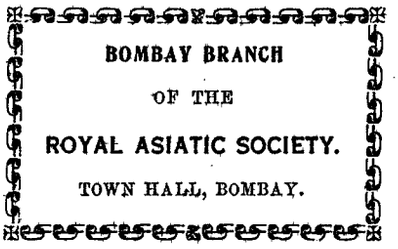
Sunth State,
Admin. report.
1910-11 to 1913-14



Digitized with financial assistance from

Government of Maharashtra

on 01 February, 2020

00134982

Dewan's Office,

Rampur 1st May 1911.

From,

THE DEWAN,

SUNTH STATE.

134983

To,

Maha Rana Shri Jorawarsinhji,

Raja Saheb of Sunth.

MAHARANAJI,

I have the honour to submit herewith the Annual Administration Report of this State for the year ending 31st March 1911.

I have the honour to be

Maharanaji,

Your most obedient Servant

Lallubhai K. Desai,

Dewan Sunth State.

SUNTH STATE

ADMINISTRATION REPORT

FOR THE YEAR

1910-1911.

CHAPTER I.

General and Political.

Area and population.

1. Sunth is a Second Class State in the Rewa Kantha Agency with an area of 394 square miles and a population of 59351 souls according to the Imperial Census of March 1911.

Gross revenue and tribute.

2. The gross revenue of the State as based on an average of past 5 years is Rs. 162643 and it pays Rs. 5385 annually as tribute to the British Government.

Particulars about the Ruling Chief.

3. The present Ruling Chief of this State is Maharana Shri Jorawarsinhji 30 years old and a Purmar Rajput by caste. He was first connected by marriage with a daughter of the present Chief of Shahpura in Rajputana His second marriage after the death of this lady took place with a daughter of the Ravji of Kanod in Meywar. By this second marriage the Raja has one daughter and one son, heir to the Gadi which follows the system of Primogeniture. The Chief has a Sanad authorizing adoption and is entitled to a salute of 9 guns.

4. The chief domestic event during the year under report was the birth of a second son to the Kanod Raniji on 24-10-10. But unfortunately the chield died on the 20th of March 1911 after a short illness, plunging the whole State into grief.

Chief domestic event.

5. The Political Agent, during the year under report did not pay his annual visit to the State.

Visit by the Political Agent.

6. No distinguished personage visited the State during the year under report.

Other distinguished visitor.

7. No important changes in the personnel of high officials in the State took place during the year under report.

Changes.

CHAPTER II.

Administration of the land.

8. The land revenue is levied in the State under the following four systems.

Revenue Systems.

1. Bingoti.
2. Khatabandi.
3. Kulter.
4. Farming.

9. To do away with these four different systems prevailing in the different parts of the State, survey of the whole State is taken in hand during the year under report, and it is hoped that an uniform system ensuring fair and equable rates to every holding will soon be introduced. For this purpose an establishment consisting of one survey Kamdar, 2 Karkuns, 9 measurers and 11 Pattawallas has been entertained since November last at a monthly cost of Rs. 300, and up to the end of the year 14 villages have been surveyed and the work of surveying 7 more villages was under progress.

Survey.

10. Nearly 2908 acres of arable waste land were taken up for cultivation during the year under report and 2463 acres were relinquished.

Waste land.

11. Thus taking the whole cultivable area in the State at 98,406 acres roughly, the total area under cultivation was 89128 acres against 88683 acres last year.

Total area under cultivation.

12. The following table shows the total land revenue demand, the amount collected and the difference between demand and collection for Samvat 1966. i. e. November 1909 to October 1910.

Land revenue demand & collection.

Total demand.	Amount collected.	Difference.
Rs. 88366	88118	248

13. The difference between demand and collection is not such as to call for any special remarks.

Reasons for variations.

14. Distress in one extreme case and notices to 138 Khatedars were the only coercive measures necessary for the recovery of the land revenue dues.

Coercive measures.

15. Grain takavi, during the year under report was advanced to the ryots both for seed and food to the extent of 6648 Maunds. Besides a sum of Rs. 14402 was spent towards the purchase of bullocks which were supplied to those poor cultivators who were in need of them and who could not afford to buy them. This practice of supplying bullocks has been continued ever since the last famine the people repaying the price of these animals by easy instalments.

Takavi advances.

16. There were no boundary disputes during the year under report.

Boundary disputes.

17. The preliminary inquiry into these claims has already been completed.

Alienation settlement.

18. The inquiry work was conducted by the Nyayadhish in addition to his own duties and the final orders by the Rajaji are awaited.

Remarks.

19. During the year under report no new estate was taken into management nor any estate entrusted to its holder, the number remaining under management during the year to be 5.

Wards' Estate.

The sub-joined table gives full particulars about these estates:-

No.	Estate and name of holder.	Age.	Place of birth.	Place of education.	Opening balance on 31st March 1911.	Receipts from 1-4-10 to 31-3-11.	Total.	Disbursement during the year.	Closing balance.	Area of land under management in acres.	Reasons for attachment.
1	BABROL.

CHAPTER III.

Protection.

Laws in force in the State.

20. The British Indian laws which with slight modifications suit local requirements are in force in the State and in the administration of justice both civil and criminal the spirit of the British laws is adhered to. The most important of these enactments that have been adopted by the State are given in appendix II. No new law was introduced during the year under report.

Militaty force.

21. There is no military force in the State.

Police, its organization and description.

22. The police force consists chiefly of Mahomedans with a sprinkling of Rajputs, Kolis, and Nayaks and is generally recruited from local men. The Foot Police is armed with muzzle loading muskets and bayonets and the Mounted Police with carbines and swords.

Number.

23. The ~~local~~ total strength of the Police of all kinds including Abkari and Opium was 150 men, the same as last year.

24. A fair standard of efficiency in the preservation of order and prevention and detection of crime was maintained.

Ratio.

25. The total strength of the police, the population and the area being 150, 59351, and 394 square miles respectively, the ratio of the police according to population comes to 1 to 395 heads of population and according to area to 1 to 2·6 miles of territory.

Working of the Police.

26. The total number of offences reported to the Police was 41 against 32 involving 45 against 44 persons. Out of these 29 against 31 were convicted and the rest acquitted or discharged. The percentage of conviction to trial was thus 64·4 against 70·4. The total value of the property stolen was Rs. 1305 against Rs. 851 and that of the property recovered was Rs. 202 against Rs. 614. The percentage, therefore, of property stolen to that of the property recovered was 15 against 72·1 last year which is quite unsatisfactory.

27. No village police is maintained. The Kunbi villages keep their own watchmen, the Bhill ones, looking after their safety themselves. However, the Patel of each and every village is enjoined to give immediate information to the nearest thana of the commission of any offence or of any accidental death of any person in his village.

Cost.

28. The total cost of the Police of all kinds was Rs. 13240 against Rs. 14176 last year. This decrease is due to the vacancies of some sowars throughout the year.

Criminal Courts.

29. There are five criminal Courts in the State as under :—

Courts and their powers.

1. Rajaji's Court exercising all the powers of the High Court.
2. Dewan's Court exercising the powers of the Sessions Court and District Magistrate.
3. Nyayadhish's Court exercising powers of 1st Class Magistrate.
4. & 5. The two Mahal Courts exercising the powers of the 3rd Class Magistrate.

30. The year's criminal work will be found in appendices VII and VIII. There were in all 117 offences of which 44 were cognizable and 73 non-cognizable. 53 men were involved in the former kind of offences and 113 in the latter of whom 37 and 15 were convicted respectively. The percentage of conviction to trial of cognizable cases was therefore 69·8 and that of the non-cognizable cases was 13·2. Again 114 cases involving 163 men were under the Penal Code and 3 cases affecting 3 persons were under other Acts.

31. The following list shows the number of serious offences committed during the year under report and the previous year.

Heinous Offences.

I. P. Code sec.	Number of offences committed during the year.	
	1909–1910.	1910–1911.
302	0	1
304	0	1
309	0	1
392	1	1
Total	1	4

32. Only one application for appeal was presented which was rejected during the year under report.

Criminal appeals.

Civil Justice.

33. There are two courts in the State which exercise original civil jurisdiction as under—

Civil work.

1. The Nyaya Court.
2. The Dewan's Court.

Hitherto the Nyaya Court heard suits upto the value of Rs. 500; but during the year under report it was empowered to adjudicate suits upto the value of Rs. 5000, the Dewan's Court hearing original suits to any extent. Besides the latter Court hears appeals against the decision of the Nyaya Court. There were in all 509 suits including the balance of 61 from last year. Of these 432 suits were decided during the year leaving a balance of 77 for disposal. No suits were filed in the Dewan's Court. The highest value of the suit filed in the Nyaya Court was for Rs. 1487.

Executions of decrees.

34. The total number of applications for execution of decrees during the year under report was 640 including the balance of 132 from last year of the total value of Rs. 27865. Of these 468 applications of the aggregate value of Rs. 21428 were disposed of during the year leaving 172 applications for Rs. 6437 at the end of the year.

Civil Appeals.

35. There was but one appeal filed in the Dewan's Court during the year which was pending at the close of the year.

Extradition.

Extraditon.

36. During the year under report 5 men in 2 cases and 2 men in one case were surrendered to the States of Sanjeli and Baria respectively. On the other hand 3 men in 3 cases were handed over to the State one each by the Zalod, Baria and the Kadana authorities.

Jail.

Convicts.

37. The only Jail in the State is in Rampur, which is capable of accommodating about 125 prisoners. The total number of convicts in the Jail during the year was 34 including 12 remaining from last year against 27 and the daily average was 11·3 against 10·3.

Other particulars.

38. Of the 22 convicts admitted in the Jail during the year 21 were punished under the I. P. Code and 1 under the Abkari Act. Classified according to caste 10 were Bhills, 4 Kolis, 3 Bhats and one each Raval, Nayak, Wadi, Rabari and Black-smith. The occupation of 14 convicts was agriculture, of 5 begging, and of one each labour, service and honey extracting. All the convicts were males and only one had one previous conviction. Out of 34 convicts in the Jail during the year 20 were released on the expiry of their various terms of imprisonment. Only one convict made an application to appeal against his conviction and sentence which was rejected.

Under-trial prisoners.

39. There were in all 30 under-trial prisoners admitted in the jail during the year under report of which 27 were convicted and the rest acquitted or discharged. Of the total number admitted 29 were disposed of within 15 days and one above that period.

Health.

40. The general health of the prisoners was good and there was not a single death among them during the year under report.

Conduct.

41. The general conduct of the prisoners was on the whole satisfactory. There were only 2 cases against prison discipline, quarrelling among themselves, which were promptly dealt with by punishing the offenders.

Expenditure.

42. The total expenditure of this department excluding the Police charges amounted to Rs. 721 against Rs. 943 last year and the income earned by the convicts as wages on extramural works in the State gardens was Rs. 230.

Registration.

Registration.

43. The number, nature and the value of the documents registered will be found in Appendix XIV and the receipts etc under the head in the next one. No expenditure is shown as the work is done by the Huzur Establishment.

Municipality.

44. Really speaking there is no Municipality in the State. The so-called institution in Rampur is merely a State department, a sort of a Sanitary Board, consisting of 9 members (4 official and 5 non-official) presided over by the Nyayadhish. The chief work of this body is to supervise the conservancy and the street lighting of the towns of Sunth and Rampur, the expenses of which are defrayed from the State grant of Rs. 1296 per annum. The only source of revenue under this head is light octroi duty levied at Rampur Sayar on all imports and exports. This amounted to Rs. 294 during the year under report.

CHAPTER IV.

Production and Distribution.

Weather and crops.

45. The season 1910–1911 was quite satisfactory. The rainfall though considerabely more than the average, was, well distributed, seasonable and suitable to almost all kinds of crops grown in the State. The monsoon burst in right earnest early in June and no less than 16′ were measured in that month alone. The rainfall during the two following months was equally good when more than 13′ were registered for July and August. There were goodly showers in September and October too and a good outturn of khariff crops was ensured. Thus the total rainfall was 46′ · 39″, the average of past 5 years being 35′ · 5″. The prospects of the rabi crops which looked very bright at one time were slightly blighted by the unsually severe frost; but the damage caused was not much as only the late sown wheat and gram etc suffered. To sum up in brief the season was satisfactory and the yield of both khariff and rabi crops was on an average about 9 annas in the rupee.

Wages and labour.

46. There was not a great demand for skilled labour during the year and consequently the small number of local hands available was quite sufficient for local requirements. The demand for unskilled labour was great and it was met with locally from the labouring classes.

Prices of food grains.

47. Compared with last year there was an appreciable fall in the prices of food grains but the prices were still higher by about 3. p. c. than normal.

Forests.

48. The total revenue derived by the sale of timber and other forest produce was Rs. 3379 against Rs. 6724 and the expenditure amounted to Rs. 898 against Rs. 750.

Custom duties.

49. The total value of the imports during the year was Rs. 256,795 against Rs. 247,146 and that of the exports was Rs. 450,115 against Rs. 486,819. The chief articles of imports were salt, skins, cotton goods, tobacco, metals etc. and those of exports were grain, Mowra flowers and berries, raw hides, ghee, oil seeds etc. The total revenue under the head amounted to Rs. 18999 against Rs. 17016. There are 9 Sayars and 8 nakas in the State for the levy of this duty and the establishment consists of 18 Karkuns and nakedars and 8 peons. The total expenditure of the establishment during the year was Rs. 1840 against Rs. 1931 last year. No transit duty is levied, only the imports and exports are taxed lightly.

Manufacture.

50. None whatever.

Public Works.

51. The total expenditure of this department during the year under report was Rs. 20815 against Rs. 87451. The most important original works were the Western Division Mahal Kuchery at Sunth, Bungalow in the Pratap Bag etc., and the most important repairs were to the palace, jail, Babrol Haveli, Police Headquarters etc. The total establishment charges during the year under report amounted to Rs. 740 against Rs. 779.

Post Office.

52. There is a Government Sub Post Office in Rampur which meets the local requirements quite sufficiently. Besides in Malvan and Hirapur which are places of some importance arrangement has been made by the Postal authorities to give the delivery of letters and have the letter boxes cleared daily.

Telegraphic communication.

53. The Government had been requested through the Political Agent to connect this place with a telegraphic line from Godhra and they have been pleased to accord their consent to the construction of a line to Sunth as per their No. 2757 dated 25-4-11. A guarantee of Rs. 680 per annum has been required and accepted by the State for a minimum period of 5 years and as soon as possible this long-felt want will be supplied.

54. The year 1910-1911 was as prosperous as its predecessors and consequently the condition of both State and people whose chief mainstay is agriculture was quite satisfactory.

General condition of State and people.

55. The general health of the public too was quite satisfactory the State being quite free from plague or any other epidemic.

General health.

56. Sunth is essentially an agricultural district and an increase or decrease in the agricultural stock is a sure indication of the good or bad condition of the people. A noticeable increase in the agricultural stock speaks for itself (vide appendix XX).

Agricultural stock.

57. The abkari farm of the State was re-let during the year commencing from 1st November 1910 for a period of 3 years for a minimum guarantee of Rs. 33000 for the first year, Rs. 34000 for the second and Rs. 35000 for the third. It is conducted under the "central distillery" and "still-head duty system". Two strengths of liquor 25° U. P. and 60° U. P. are manufactured in the central or Sadar distillery at Rampur whence it is supplied to all the shops in the State. The rate of still-head duty for the former class of liquor is 12 annas and the latter 6 annas per imperial gallon. The total consumption of liquor as compared with the last year was as under.

Abkari.

Year.	Kind of Liquor.	
	25° U. P. gallons.	60° U. P. gallons.
1909-10	1501	70100
1910-11	2125	75500

Thus the incidence of consumption per head of population was 1·3 gallons.

58. The retail sale of opium is conducted departmentally through the Sayar Karkuns. The system for the vend of this drug is assimilated in its general features to that in force in the British District of Panch Mahals. The total sale of opium was 521 lbs. against 537 lbs. last year.

Opium.

59. Bhang and Ganja are sold also departmentally by the same agency, the total sale of which was as under.

Intoxicating drugs.

Year.	Kind of drug.	
	Bhang lbs.	Ganja lbs.
1909–10	21	80
1910–11	25	74

Incidence of consumption.

60. The incidence of consumption per head of population of opium, bhang and ganja was 63, 3· and 8·9 grains respectively.

Excise Revenue.

61. The total revenue under this head was Rs. 38509 against Rs. 35967 last year.

Opium & Abkari cases.

62. There was no case against the Opium Act during the year but the number of cases against the Abkari Act was 2 involving 2 persons who were convicted.

CHAPTER V.

Revenue and Finance.

Cause of increase and decrease in the receipts.

63. The revenue year of the State begins in November and ends in October and consequently the figures given in Appendix XXII are for the Samvat year 1966. The total gross receipts during the year was Rs. 166582 against 166788 or Rs. 206 less than last year. The heads A, C, E, & F, show better receipts. There is a slight decrease under the heads B & D. The large decrease under the main head G is due to the fact that last year 'Chandla Vero' on account of younger Bapulal's marriage at Jhabvaş was taken while no such income was received during the year under report.

Loans.

64. As mentioned in the last year's report the outstanding debt was for Rs. 5000 only. This amount remained unpaid at the end of the year.

CHAPTER VI.

Vital Statistics.

Dispensary.

65. The number of patients both out-door and in-door treated in the Rampur Dispensary and Hospital which is the only one of its kind in the State was 8003 against 7098 last year and the daily average 86·7 against 78·8. The total expenditure of the department was Rs. 2293 against Rs. 2125.

Vaccination.

66. During the year under report 2023 persons were primarily vaccinated as against 2015 last year, and 11 against 17 were revaccinated. The expenses of the department which is placed under the supervision of the Deputy Sanitary Commissioner Gujarat amounted to Rs. 556 against Rs. 485 last year.

Births and deaths.

67. The total number of births registered during the year was 2533 against 1990 and that of deaths was 1075 against 669. To ensure accuracy of this information, these records which are kept by the Talatis are often checked by the Mahalkaris and occasionally by the Dewan.

CHAPTER VII.

Education.

Vernacular Schools.

68. There were 12 schools during the year under report against 11 last year. This increase is due to the opening of a new school at Nandukan during the year. 11 of these schools are for boys and 1 for girls in Rampur where vernacular education upto the 6th standard is imparted. They are maintained by the State but are under the supervision of the Government Education Department. During the year under report the Assistant Deputy Educational Inspector as well as the Deputy Educational Inspector Punch Mahals and Rewa Kantha inspected the schools the result being 78·4. p. c., of the boys and 72·4 p. c., of the girls passed in all heads.

Expenditure.

69. The total expenditure of the department during the year under report was Rs. 3635 against Rs. 3482 last year.

Scholarships, prizes etc.

70. During the year under report as an encouragement to higher education a sum of Rs. 240 against Rs. 370 was expended towards granting scholarships and prizes to some deserving students in the Telang High School at Godhra.

CHAPTER VIII.

Miscellaneous.

Library.

71. The Doderet Library, the only one of its kind in the State is at Rampur and is solely maintained from a grant of Rs. 150 per annum by the State.

Border Court.

72. No Border Court was held during the year under report.

Accidental deaths.

73. The total number of accidental deaths during the year under report was 27 against 32 last year. Of these 14 were by snake-bite, 6 by drowning, 1 by suicide and the rest by miscellaneous causes.

Concluding remarks.

74. To sum up in brief, again a prosperous year, the ryots contented, the public health normal and the internal as well as the external relations of the State quite satisfactory were the leading features of the year's administration.

Lallubhai K. Desai,
Dewan Sunth State.

Dewan's Office,
Sunth Rampur 1st May 1912.

From,

THE DEWAN,

SUNTH STATE.

To,

Maha Rana Shri Jorawarsinhji,

Rajaji Saheb of Sunth.

Maharanaji,

I have the honour to submit herewith the Annual Administration Report of this State for the year ending 31st March 1912.

I have the honour to be,

Maharanaji,

Your most obedient Servant

Lallubhai K. Desai,

Dewan, Sunth State.

134982

SUNTH STATE

ADMINISTRATION REPORT

FOR THE YEAR

1911-1912.

CHAPTER I.

General and Political.

Area and population.

1. Sunth is a second class State in the Rewa Kantha Agency with an area of 394 square miles and a population of 59,351 souls according to the last Imperial Census.

Gross revenue and tribute.

2. The gross revenue of the State as based on an average of past five years is Rs. 1,68,958 and and the tribute payable to the British Government Rs. 5385 annually.

Particulars about the Ruling Chief.

3. The present Ruling Chief of this State is Maharana Shri Jorawarsinhji 31 years old and a Purmar Rajput by caste. His first connection by marriage was with a daughter of the present Chief of Shahpura in Rajputana. After the death of this lady who left no issue, Rajaji's second marriage took place with a daughter of Ravji of Kanod in Meywar. By this marriage the Rajaji has one daughter and one son, heir to the Gadi which follows the system of primogeniture. The Rajaji has a Sanand authorizing adoption and is entitled to a salute of 9 guns.

Chief domestic event.

4. No important domestic event occurred during the year.

5. During the year under report the Political Agent did not pay his annual visit to the State.

Visit by the Political Agent.

6. Mr. Braham I. C. S., Assistant Political Agent, Rewa Kantha, and Major Prideaux, Political Agent Southern Rajputana States visited this place to hold the Border Court at Rampur in February last.

Distinguished visitiors.

7. The most important changes that took place in the personnel of high officials in the State are shown in Appendix I.

Changes.

CHAPTER II.

Administration of the land.

8. The following are the systems under which the land revenue dues are levied in the State:—

Revenue Systems.

1. Bingoti
2. Khatabandhi
3. Kulter
4. Farming.

9. As mentioned in the last year's report the Survey Establishment entertained since last year has been doing its work apace, and up to the end of the year 38 villages have been completely surveyed and 17 are incomplete. Moreover maps of 37 villages of the total number surveyed are ready. The establishment consists of 1 Survey Kamdar, 2 Karkuns, 1 Nimtandar, 11 measurers and 15 pattawallas the total cost of which during the year being Rs. 3121.

Survey.

10. The total number of acres of arable waste land taken up for cultivation was 1838 and the total acrage relinquished was 2687.

Waste land.

11. The total cultivable area in the State is about 98,408 acres roughly out of which 88,279 acres were under crops against 89,128 acres last year.

Total area under cultivation.

12. The total land revenue demand, the amount collected and the difference between demand and collection for Samvat 1967 i. e. November 1910 to October 1911 are as under.

Land revenue demand and collection.

Total demand.	Amount collected.	Difference.
Rs. 89,250.	89,082.	168

13. This slight difference between demand and collection does not call for any special remarks.

Reasons for variations.

14. No coercive measures other than issue of notices on 78 Khatedars were necessary for the recovery of the land revenue dues.

Coercive measures.

15. About 1000 maunds of grain were advanced to the ryots as takavi during the year under report and Rs. 702 were advanced as cash for sinking well and other purposes.

Takavi Advances.

16. There were no boundary disputes during the year under report.

Boundary disputes.

17. The preliminary inquiry into these claims has already been completed as mentioned in the last report.

Alienation settlement.

18. The papers relating to these inquiries are with the Rajaji whose final orders are awaited.

Remarks.

19. The number of estates during the year under report was the same as last year viz., 5. No new estate was attached nor any was entrusted to its holder. Full particulars about these estates are given in the sub-joined table.

Wards' Estates.

No.	Estate and name of holder.	Age.	Place of birth.	Place of education	Opening balance on 31st March 1911.	Receipts from 1-4-11 to 31-4-12.	Total.	Disbursement during the year.	Closing balance	Area of land under management in acres.	Reasons for attachment.

CHAPTER III.

Protection.

Laws in force in the State.

20. The State has no laws of its own. But it has adopted most important of the British Indian Laws with slight modifications to suit local requirements, and justice both civil and criminal is administered according to the spirit of these laws. The most important of these enactments that have been in force in the State are given in Appendix II. During the year under report no new law was introduced.

Military force.

21. There is no military force in the State.

Police, its organization and description.

22. The Police force consists, chiefly of Mahomedans with a sprinkling of Rajputs, Kolis, Nayaks etc., and is generally recruited locally. The foot police is armed with muzzle loading muskets and bayonets and the mounted police with carbines and swords.

Number.

23. The total strength of the police of all kinds including Abkari and Opium was 157 against 151 men last year. The increase is due to the appointment of 3 additional Chief constables, 2 in the Eastern Mahal and 1 in the Western as the former number was found too small to supervise efficiently the divisions under their jurisdiction and to the appointment of three more men in the mounted police. Moreover, during the year under report owing to the partial failure of the last monsoon an additional force of 9 men was entertained for the preservation of peace and order.

Efficiency.

24. The standard of efficiency of the force in the preservation of order and prevention and detection of crime was fair during the year under report.

Ratio.

25. The population and the total strength of the police being 59,351, and 157 respectively the ratio of the police comes to 1 to 378 heads and according to area (394 square miles) to 1 to 2·5 miles of territory.

Working of the Police.

26. The total number of offences reported to the Police was 64 against 41 involving 62 against 45 persons. Of these 35 against 29 were convicted and the rest acquitted or discharged. The percentage of conviction to trial was thus 56·4 against 64·4 The total value of the property stolen was Rs. 2723 against Rs. 1304 and that of the property recovered, was Rs. 593 against Rs. 202. The percentage therefore, of property stolen to that of the property recovered was 21·7 against 15·4 last year.

27. No village police is maintained. The Kunbi villages keep their own watchmen, the Bhill ones look after their safety themselves. However the Patel of each and every village is enjoined to give information to the nearest thana of the commission of any offence or of accidental or suspicious death of any person in his village.

Village Police.

28. The total cost of the Police of all kinds was Rs. 14,572 against Rs. 13,240. The increase is due to the addition of some men both permanent and temporary to the force as stated above.

Cost.

Criminal Courts.

29. The five criminal Courts in the State are as under:—

Courts and their powers.

1. Rajaji's Court exercising all the powers of a High Court.
2. Dewan's Court exercising the powers of a Court of Session and also a District Magistrate.
3. Nyayadhish's Court exercising the powers of a 1st class Magistrate.
4 & 5. The two Mahal Courts exercising the powers of a Third Class Magistrate.

30. The criminal work during the year under report will be found in the Appendices VII & VIII. There were in all 144 offences reported of which 67 were cognizable and 77 non-cognizable involving 67 men in the former kind of offences and 135 in the latter of whom 26 and 14 were convicted respectively. The percentage of conviction to trial of cognizable cases was therefore 41·8 and that of the non-cognizable cases was 10·3. Of the total number of cases 128 were under the Penal Code and 16 under other Acts.

31. The following list shows the number of serious offences committed during the year under report and the previous year.

Heinous offences.

I. P. Code Section.	Number of offences committed during the year.	
	1910–1911.	1911–1912.
302	1	0
304	1	1
309	1	0
376	0	1
392	1	3
395	0	1
Total.	4	6

32. No criminal appeals were made during the year under report.

Criminal appeals.

Civil Justice.

33. There are two Courts in the State which exercise original Civil Jurisdiction as under:—

Civil work.

1. The Nyaya Court.
2. The Dewan's Court.

No. 1 is empowered to adjudicate suits upto the value of Rs. 5000 and No. 2 to any extent. The latter court has also appellate powers. The total number of suits filed during the year including the balance of 77 from last year was 210. Of these 187 suits were decided during the year leaving a balance of 23 for disposal. No suits were filed in the Diwan's Court during the year under report. The highest value of suit filed in the Nyaya Court was for Rs. 3501.

34. The total number of applications for execution of decrees during the year under report was 312 including the balance of 172 from last year of the total value of Rs. 4727. Of these 253 applications of the aggregate value of Rs. 8975 were disposed of during the year leaving a balance of 59 for Rs. 2190 at the end of the year.

Executions of decrees.

35. The only appeal that was pending from last year in the Dewan's Court was decided during the year, the decision being reversed.

Civil Appeal.

Extradition.

36. During the year under report 3 men in one case were handed over to the Dhar State. On the other hand 5 men in 2 cases were surrendered to this State, 2 by the Lunawada State and 3 by the Baria State.

Extradition.

Jail.

37. The only Jail in the State is in Rampur. It has sufficient accommodation for about 125 prisoners. The total number of convicts in the jail including 14 remaining from last year was 33 against 34 and the daily average was 12·5 against 11·3.

Convicts.

38. Of the 19 convicts admitted in the Jail during the year 16 were under the Penal Code and 3 under other Acts. Classified according to caste 7 were Bhills, 5 Wadis, 3 Mussalmans, 2 Bavas and 2 Kolis. The occupation of 9 of the convicts was agriculture, 8 belonged to the begging class, and

Other Particulars.

one each was a servant and a oilman. No convict had any previous convictions. Of the 19 convicts admitted during the year 12 were released on the expiry of their terms of imprisonment. There was also one female convict during the year.

Under trial prisoners.

39. The total number of under trial prisoners admitted in the Jail during the year under report was 25 of whom 10 were convicted, 11 acquitted or discharged, 3 surrendered outside the State, and 1 remained to be tried at the end of the year. Of the total number admitted 12 were disposed of within 15 days and the rest above that period.

Health.

40. The general health of the prisoners was on the whole satisfactory. There was only one death among them from dysentery.

Conduct.

41. The general conduct of the prisoners during the year was on the whole satisfactory. There were only 3 cases against prison discipline which were promptly dealt with and the offenders duly punished.

Expenditure.

42. The total expenditure of this department amounted to Rs. 673 against Rs. 721 last year and the income earned by the convicts as wages on extramural works in the State gardens was Rs. 347 against Rs. 230 last year.

Registration.

Receipts and expenditure.

43. The number, nature and the value of the documents registered will be found in Appendix XIV and the receipts etc under the head, in the next one. No separate expenditure is shown as the work is done by the Huzur Establishment.

Municipality.

Municipality.

44. Really speaking there is no Municipality in the State. The so called institution in Rampur is merely a State department, a sort of a Sanitary Board, consisting of 9 members (4 official and 5 non-official) presided over by the Nyayadhish. The chief work of this body is to supervise the conservancy and the street lighting of the towns of Sunth and Rampur, the expenses of which are defrayed from the State grant of Rs. 1,500 per annum. The only source of revenue under this head is light octroi duty levied at Rampur Sayar on all imports and exports. This amounted to Rs. 184 during the year under report.

CHAPTER IV.

Production and Distribution.

Weather and crops.

45. The rainfall in 1911–1912 was considerably less than the average being only 16·21″. Moreover it wasnot well-distributed, erratic and not seasonable. The largest fall was in the month of June when 8′·23″ were registered and the sowing operations commenced in right earnest. In July and August good and heavy rain was necessary for the standing crops but only 2′·31″ and 1′·95″ respectively fell in light showers. The situation thus became quite critical. The standing crops began to wither, the fodder supply failed and another famine was staring in the face. However in September, several good sharp showers amounting to 2′·27″ averted what would have been a terrible famine and helped to partially save the situation. But a year of scarcity was quite inevitable. The outturn of maize, the staple food of the place was only 6 annas and that of bajri one anna in the rupee. Rice crop was a complete failure. The prospects of the rabi crops were much more gloomy. Only 1/8 of the normal area was under rabi crops and the yield of wheat and grain was only 4 and 3 annas respectively.

To sum up, owing to the very poor outturn of only a few of the Khariff and rabi crops and a complete failure of the rest coupled with a deficient fodder supply the season was quite unsatisfactory.

Relief measures.

46. Under the circumstances it was necessary to go to the rescue of the poor agriculturists who were in need of help and a sum of Rs. 30,000/ was set apart for giving as cash tagavi, and up to the end of the year the total sum thus advanced was Rs. 16,015 in the Eastern Devision and Rs. 6,590 in the Western Devision. Besides 3 or 4 test works were opened in different parts of the State, but the people did not take much advantage of them. In the collection of land revenue dues too great leniency, from total suspension to partial remissions, was shown, according as the place was affected in a greater or less degree by the draught. Thus out of the total land revenue demand of Rs. 89,240 only Rs. 53,012 were collected and the rest either suspended ar remitted totally or partially.

Wages & labour.

47. There being no great demand for skilled labour the small number locally avilable was quite sufficient. Owing to partial failure of the last monsoon there was great slackness in the agricultural operations and the demand for unskilled labour during the earlier part of the year was not as great as usual. But later on when cash tagavi for sinking wells was freely advanced by the State to the agriculturists the demand increased considerably. The wages of skilled labour is from 8 to 12 annas and that of unskilled one from 2 to 3 annas per day.

Prices of food grains.

48. As a result of the partial failure of the last monsoon here, as well as in the Gujarat and Kathiawar Districts the prices of food grains were higher by 20 to 30 p. c. than normal during the greater portion of the year under report.

Forests.

49. The total forest revenue during the year under report amounted to Rs. 8049 against Rs. 3379 and the expenditure amounted to Rs. 730 agains Rs. 898.

Customs duties.

50. The total value of the imports during the year was Rs. 190,174 against Rs. 256,795 and that of the exports was Rs. 320,167 against Rs. 450,115. The chief articles of imports were salt, spices, cotton goods, tobacco, metals etc and those of exports were grain, Mowra flowers and berries, raw hides, ghee, oil seeds etc. The total revenue under the head amounted to Rs. 11,586 against Rs. 18,999. The drop both in the value of the imports and exports and the customs duty during the year under report is due to the deficient rain fall. There are 9 Sayars and 8 Nakas in the State for the levy of their duty and the establishment consists of 18 Karkuns and Nakedars and 8 peons. The total expenditure of the establishment during the year was Rs. 1782 against Rs. 1840. No transit duty is levied, only the imports and exports are taxed lightly.

Manufacture.

51. None whatever.

Public works.

52. The total expenditure of the department during the year under report was Rs. 12,117 against Rs. 20,815. The most important original works were the Partap Bag Bungalow, the Parthampur Sayar, Rampur Bungalow stables etc and the most important repairs were to the Rampur Bungalow, the jail etc. The total establishment charges during the year under report amounted to Rs. 588 against Rs. 740 last year.

Post office.

53. There is a Government Sub Post Office in Rampur which meets all local requirements. In other important places such as Hirapur and Malvan mail service is established, daily to the former place and on alternate days to the latter. The mails to Sanjeli and Kadana where there are branch offices, are despatched from the Rampur office.

Telegraphic communication.

54. The long felt want of telegraphic communication to this place has at last been supplied, a line having been constructed from Godhra to Rampur and which has been working since 20th of April.

55. Unfortunately the year 1911-1912 was far from satisfactory. As mentioned above the rain fall was scanty, erratic, and irregular and consequently an essentially agricultural district like this inhabited mostly by Bhills, who are as a rule poor and make-shift sort of husbandmen of primitive agricultural methods, must suffer from this natural calamity. Thus twelve years' of slow and steady recoupment showing improvement and progress all round both in the condition of the State and the people, after the last terrible famine, has been dealt a severe blow by the failure of the last monsoon.

General condition of State and people.

56. The general health of the public, except for an out-break of bubonic plague in Rampur was fairly good. It was nearly at the end of September last that some cases were discovered and most of the people guided by their previous experience immediately left their houses and camped out round about the town or in the villages. This had the desired effect in keeping down both the number of cases and the deaths which were 47 and 32 respectively. The cause of the recrudescence of this epidemic after a lapse of 7 years from the first outbreak in 1904 could not be traced. Because even the districts round about the State were free from the plague at the time when the epidemic broke out.

General health.

57. Appendix XX shows the agricultural stock in the State. As the census of the stock is taken during the months of January and February it does not show the proper number at the end of the year. The scarcity of fodder, and the prevalence of some epidemic since have considerably thinned their number at the end of the year.

Agricultural stock.

58. The year under report was the second year of the Abkari Farm let for a period of 3 years from 1st November 1910, the minimum guarantee being Rs. 34,000 per annum. The farm is conducted under the "minimum guarantee and still-head duty system". Two strengths of liquor 25° U. P. and 60° U. P. are manufactured in the central distillery at Rampur whence it is supplied to all the shops in the State. The rate of still-head duty for the former class of liquor is 12 annas and the latter 6 annas per imperial gallon. The total consumption of liquor as compared with last year was as under:—

Abkari.

Year.	Kind of Liquor.	
	25° U. P. gallons.	60° U. P. gallons.
1910-1911.	2125	75,500
1911-1912.	1675	46,000

The incidence of consumption per head of population was thus .8 gallons.

Opium.

59. The retail sale of opium is conducted departmentally through the Sayar Karkuns. The system for the vend of this drug is assimilated in its general features to that in force in the British District of the Panch-Mahals. The total sale of opium was 377 lbs against 521 lbs last year the incidence of consumption being 45·7 grains per head of population.

Intoxicating drugs.

60. Bhang and Ganja are also sold departmentally by the above mentioned agency the total sale of which was as under:-

Year.	Kind of drug.	
	Bhang lbs.	Ganja lbs.
1910-1911.	25	74
1911-1912.	15	66

The incidence of consumption per head of population, was, bhang 1·8 grains and ganja 8 grains.

Excise Revenue.

61. The total excise revenue during the year under report was Rs. 40,686 as against Rs. 38,509 last year. Although the consumption of liquor, opium and intoxicating drugs was considerably less than than last year, this increase in the excise revenue was due to the fact, that the amount of the minimum guarantee to be paid by the Abkari farmer was raised from Rs. 26,000 to Rs. 34,000 per annum.

The consumption of liquor during the first half of the year was 40,250 gallons but during the latter half, the sale was considerably less than the normal being only 7425 gallons owing to the year being a bad one on account of the deficiency of rain.

Opium and Abkari cases.

62. There were no cases against the Opium Act, but the number of cases against the Abkari Act was 13, involving 14 persons of whom 12 were convicted.

CHAPTER V.

Revenue and Finance.

Cause of increase and decrease in the receipts.

63. The revenue year of the State begins in November and ends in October and consequently the figures given in Appendix XXII are for the Samvat year 1967. The total gross receipts during the year was Rs. 166,709 against Rs. 166,582. The increase in the total as also the increase or decrease under the main heads being very small special remarks for the same are not necessary.

Loans.

64. As mentioned in the last Report only a sum of Rs. 5000 of the heavy debts contracted during the terrible famine of 1899–1900 remained unpaid at the end of the year. But again unfortunately partial failure of the last season coupled with the very limited resources of the State made it absolutely necessary, to contract fresh debts and a loan of Rs. 1,50,000 for famine and administration purposes was negotiated and sanctioned by Government as per their Resolution No. 7045 dated 21–9–11 at 4 p. c. per annum, to be repaid by an annual instalment of Rs. 15,000 the first instalment commening from April 1913. During the year under report only the sum of Rs. 50,000 of the loan was taken. Thus the total liabilities of the State at the end of the year were Rs. 55,000.

CHAPTER VI.

Vital Statistics.

Dispensary.

65. The number of patients both out-door and in-door treated in the Rampur Dispensary and Hospital which is the only one of its kind in the State was 6,129 against 8,003 last year and the daily average 59·5 against 86·7. The decrease in the number of patients treated during the year was due to the fact that on account of the out-break of plague, the town of Rampur was completely evacuated the people living in surrounding villages and also to the less prevalence of malarial fevers owing to scanty rain fall.

Vaccination.

66. During the year under report 2,273 persons were primarily vaccinated as against 2,023 last year and 9 against 11 were re-vaccinated. The expenses of the department which is under the supervision of the Deputy Sanitary Commissioner, Gujarat amounted to Rs. 409 against Rs. 556 last year.

Births and deaths.

67. The total number of births registered during the year was 2,254 against 2,533 and that of deaths was 758 against 1,075.

These records are kept by the Talatis and their accuracy is often tested by the Mahalkaris and occasionally by the Dewan when on tour.

CHAPTER VII.

Vernacular schools.

68. No new schools were opened during the year under report, the total number being 12 the same as last year of which 11 are for boys and 1 for girls where vernacular education upto 6th standard is imparted. These schools are maintained by the State, but are under the supervision of the Government Education Department. During the year under report the schools were inspected by the Deputy Educational Inspector, Panch Mahals and Reva Kantha as well as by his assistant, the result was that 81·1 p. c. of the boys and 72·4 p. c. of the girls passed under all heads.

69. The total expenditure of the department during the year under report was Rs. 3,560 against Rs. 3,635.

Expenditure.

70. During the year under report Rs. 110 against Rs. 240 were awarded as scholarships and prizes to some deserving students in the Telang High School at Godhra.

Scholarships and prizes.

CHAPTER VIII.

Miscellaneous.

71. The only library in the State is at Rampur and is solely maintained from a grant of Rs. 150 per annum by the State. It is named after a late Political Agent, Doderet Library.

Library.

72. The annual Border Court was held during the year under report at Rampur on 6th and 7th February. This State had no claim against any of the Southern Rajputana States; but Banswara had 13 claims against Sunth of the total value of Rs. 1894. Ten of the cases were dismissed as struck off for various reasons. Only in 3 cases a sum of Rs. 182 in all was adjudged and awarded to the Banswara State.

73. The total number of accidental deaths during the year under report was 25 against 27 last year. Of these 19 were by snake bite, 3 by drowning, 2 by falls from trees and 1 by suicide.

Accidental deaths.

74. On a representation by the State the Government have kindly sanctioned the survey of the extension of the Godhra-Lunawada Railways to Sunth Rampur, a distance of 20 miles by Messrs Killick Nixon and Co., Agents Gujarat Railways Company and the work of survey will be taken in hand during the next fair season.

Railways.

75. It was very unfortunate that owing to circumstances beyond his control viz., the failure of the last monsoon, the Rajaji had to get himself excused from his attendance to the Royal presence at Dehli on the auspicious occasion of the Imperial Coronation Durbar held on 12-12-11. He very much regretted the circumstances that prevented him from personally testifying his deep and sincere loyalty to the throne and devotion to the person of His Most Imperial Majesty the King-Emperor of India. However this auspicions and unique occasion was very fittingly celebrated throughout the State as detailed in this Office No. 21 dated 31-1-12 to the Political Agent, Rewa Kantha.

Imperial Coronation Durbar.

76. In conclusion a dismal tale of State's indebtedness has to be recorded from year to year since 1900. Lean years, famines, and extraordinary heavy expenses towards the marriages of two of the daughters of the late king and unavoidable repairs to palace buildings have hitherto baffled the efforts of the administration to free the State from debt and to put it on sound financial footing.

Concluding remarks.

Sunth Rampur,
1st May 1912.

Lallubhai K. Desai,
DEWAN, SUNTH STATE.

APPENDIX I.

Names of high officials in the Sunth State and Residency officials showing changes in personel during the year 1911—12.

Name of Officer.	Appointment.	Period.		Remarks.

Rampur 1st May 1912.

Lallubhai K. Desai,
Dewan, Sunth State.

Deewan's Office,
Sunth Rampur 15th May 1913.

To,

Maha Rana Shri Jorawarsinhji,

Rajaji Saheb of Sunth.

Maharanaji,

I have the honour to submit herewith the Annual Administration Report of this State for the year ending 31st March 1913.

It may be added that I was in charge of the State for only 5 months of the period covered by this report.

I have the honour to be

Maharanaji,

Your most obedient Servant

Nichhabhai K.,

Deewan, Sunth State.

SUNTH STATE

ADMINISTRATION REPORT

FOR THE YEAR

1912—1913.

CHAPTER I.

General and Political.

Area and population.

1. Sunth is a second class State in the Rewa Kantha Agency with an area of 394 square miles and a population of 59,351 souls according to the last Imperial Census.

Gross revenue and Tribute.

2. Based on an average of past five years the gross revenue of the State is Rs. 160814 and the tribute payable to the British Government Rs. 5385 annually.

Particulars about the Ruling Chief.

3. Maharana Shri Jorawarsinhji, the present Ruling Chief of this State, is 32 years old. He is Purmar Rajput by caste and was first connected by marriage with a daughter of the present Chief of Shahpura in Rajputana. After the death of this lady who left no issue, the Rajaji married for the second time an adopted daughter of Ravatji Saheb of Kanod in Meywar. By this marriage the Rajaji has one daughter and one son, heir to the Gadi which follows the system of primogeniture. The Rajaji has a Sanand authorizing adoption and is entitled to a salute of 9 guns.

Chief domestic event.

4. The chief domestic event during the year was the sad and untimely death of the Ravatji Saheb Shri Narsinhji of Kanod, the father-in-law of the Rajaji, which occurred owing to heart failure in May 1912.

Visit by the Political Agent.

5. The visit of the Political Agent H. B. Clayton, Esquire M. A. I. C. S. lasted from the 5th March to 10th March 1913 during which time visit and return visit were exchanged, the jail and the dispensary were inspected and the prizes were distributed to the school children in the Rampur and Sunth Schools.

Distinguished visitors.

6. Mr. N. D. Daru, Assisant Superintendent, Geological Survey of India, passed through the State on his way from Banswara to Kadana and had his camp at Rampur for two days during the year.

Changes.

7. The most important changes in the personnel of high officials in the State that took place during the year are given in Appendix I. Mr. Lallubhai K. Desai, late Chitnis to the Collector of the Panch Mahals, whose services had been lent to the State as Dewan, retired on pension on 1-11-12 and my appointment was made in his place.

CHAPTER II.

Administration of the land.

Revenue Systems.

8. The systems in vogue for the present for the collection of land revenue dues are as under :—

1. Bingoti.
2. Khatabandi.
3. Kulter.
4. Farming.

Survey.

9. Of course these different systems have their drawbacks as it is not possible to preserve uniformity of rates and consequently the survey of the whole State as mentioned in the last report has been undertaken and the work done by the department during the year under report was as under :—

No. of villages completely measured.	No. partially measured.	No. of village maps prepared.	No. of villages classified.
38	12	38	11

Thus the total work done by the department since it came into existence in 1911 is that 90 villages are measured and maps of 68 villages prepared and 11 classified. The establishment consists of 1 Survey Kamdar, 2 Karkuns, 2 Classers, 1 Nimtanedar, 1 Surveyor, 15 Measurers and 22 Pattawallas. The total cost of the department during the year was Rs. 4,234 against Rs. 3,121 last year. The increase is due to the purchase of surveying instruments and to the appointments of classers etc.

Waste land.

10. The total number of acres of arable waste land taken up for cultivation was 695 acres and the total acrage relinquished was 3,748.

Total area under cultivation.

11. The total area under crops during the year under report was thus 85,226 acres against 88,279 last year. Roughly taking the total cultivable area in the State to be 98,408 acres nearly 13,182 acres remained uncultivated owing to the partial failure of the monsoon.

Land revenue demand and collection.

12. The total land revenue demand, the amount collected and the difference between demand and collection for Samvat 1968 *i. e.* November 1911 to October 1912 are as under :—

Total demand	Amount collected.	Difference.
63,549	51,462	12,087

This difference will be recovered from the ryots in course of time.

Reasons for variations.

13. This difference between demand and collection is mainly due to deficient rainfall in Samvat 1967. Really speaking the total land revenue of the State during normal years amounts to nearly Rs. 90,000 but this big drop is due to reasons stated above.

Coercive.

14. Owing to great leniency shown to the cultivators on account of bad year in the assessment of the land revenue dues no coercive measures other than service of notices on 68 Khatedars was necessary.

Takavi advances.

15. The total quantity of Grain takavi advanced to the ryots during the year under report both for seed and food was 11,548 maunds against 1,000 maunds last year. A large amount of Rs. 32,983 was also advanced as cash takavi to the cultivators for sinking wells etc.

Boundary disputes.

16. There were no boundary disputes during the year under report.

Alienation settlement.

17. The preliminary enquiry into these claims has already been completed as mentioned in the last report.

Remarks.

18. The papers relating to these inquiries have been submitted to the Rajaji whose final orders are awaited.

Wards' Estates.

19. The number of estates under the management of the State during the year under report was 6 against 5. The increase is due to the death of the Thakor of Gavadungra who has left a minor as his successor. The estates of Babrol, Surpur, Hindolia and Bhojela are all in debt which is being paid off from their revenues.

No.	Estate & name of holder.	Age.	Place of birth.	Place of education	Opening balance on 31st March 1912.	Receipts from 1-4-12 to 31-3-13.	Total.	Disbursment during the year.	Closing balance.	Area of land under management in acres.	Reasons for attachment.

	Dipsinh Rajabhai ...	21	Gothibda	...	23	185	208	198	10	444	Minor just of age.

CHAPTER III.

Protection.

Laws in force in the State.

20. The State has no laws of its own. But it has adopted most important of the British Indian Laws with slight modifications to suit local requirements and justice both civil and criminal is administered according to the spirit of these laws. The most important of these enactments that have been in force in the State are given in Appendix II. No new law was introduced during the year under report.

Military force.

21. There is no military force in the State.

Police, its organization and description.

22. The Police force is generally recruited locally and consists chiefly of Mahomedans with a sprinkling of Rajputs, Kolis, Nayaks, etc. The foot police is armed with muskets and bayonets and the mounted police with carbins and swords.

Number.

23. The total strength of the police of all kinds including Abkari and Opium was 158 against 157 last year. The increase of one is due to the appointment of one more man in the mounted police, thus bringing up the total to 26 mounted men, the number usually kept.

Efficiency of the Force.

24. A fair standard of efficiency in the preservation of order and prevention and detection of crime was maintained during the year.

Ratio.

25. The population and the total strength of the force being 59,351 and 158 respectively the ratio of the police comes to 1 to 378 heads and according to area (394 square miles) to 1 to 2·5 miles of territory.

Working of the Police.

26. The total number of offences reported to the police was 69 against 64 affecting 98 against 62 persons last year. Of the total number of persons arrested 79 against 35 were convicted, one remained to be tried and the rest were acquitted or discharged. The percentage of conviction to trial was thus 81·4 against 56·4. The total value of the property stolen was Rs. 2,978 against Rs. 2,723 and that of the property recovered was Rs. 1,200 against Rs. 593. The percentage therefore of property stolen to that of property recovered was 40 against 21·7 last year, a decided improvement.

Village Police.

27. No village police is maintained. The Kunbi villages employ their own watchmen; but the villages inhabited by Bhills look after their safety themselves. However

the Patel of every village is bound to give information in the nearest police station of the commission of any offence or of accidental or suspicious death of any person in the village.

Cost.

28. The total cost of the Police of all kinds was Rs. 14,243 against Rs. 14,572. The decrease being small does not call for any special remark.

Criminal Courts.

Courts and their powers.

29. The number of Criminal Courts in the State remained the same viz., 5 during the year under report; but since the retirement of Mr. Lallubhai K. Desai from 2nd November last, the powers of a Sessions Judge and 1st Class Magistrate granted respectively to the Dewan and Nyayadhish have been withdrawn and the courts now constituted are as under:—

1. Huzur Court presided over by the Rajaji and exercising the powers of a High Court.
2. Dewan's Court exercising the powers of a District Magistrate.
3. Nyayadhish's Court exercising the powers of a 2nd Class Magistrate.

4 & 5. The two Mahal Courts exercising the powers of a 3rd Class Magistrate.

Criminal work.

30. Appendices VII & VIII show the criminal work done by the above courts during the year under report. The total number of offences reported was 198 of which 63 were cognizable and 135 non-cognizable involving 108 and 238 men respectively, of whom 64 and 21 were convicted respectively. The percentage of conviction to trial in cognizable cases was 60 and that in non-cognizable cases was 9. Of the total number of cases 193 were under the I. P. Code and the rest viz., 5 under other Acts.

Heinous offences.

31. The following list shows the number of serious offences committed during the year under report and the previous year.

I. P. Code Section.	No. of offences committed during the year.	
	1911–1912.	1912–1913.
302	0	1
304	1	1
309	0	1
376	1	0
392	3	1
395	1	0
396	0	1
Total.	6	5

Criminal Appeals.

32. 3 appeals in 3 three cases affecting 3 persons were admitted in the Huzur Court during the year. In one case involving one person the decision and sentence passed by the lower court was confirmed. In the remaining two cases affecting two persons the decisions were upheld but the sentences were modified. Of the three applications for appeals in the Dewan's Court two were rejected and one involving 1 man was admitted, the decision and sentence in which were upheld.

Civil Justice.

Civil work.

33. The Courts which exercise original Civil Jurisdiction in the State are two as under :—

1. The Nyaya Court.
2. The Dewan's Court.

Upto the retirement on pension of Mr. Lallubhai K. Desai, late Dewan, on the 2nd November last the Nyaya Court adjudicated suits upto the value of Rs. 5,000; but since, the limit has been cut down to Rs. 500. The Dewan's Court hears suits of any value and besides has appellate powers. The total number of suits filed during the year was 142 and adding to this the balance of 23 from last year the total for disposal was 165. Of these 124 were decided during the year leaving a balance of 41 for disposal. The highest value of suit filed in the Nyaya Court was for Rs. 459 and that in the Dewan's Court for disposal was for Rs. 2,885 transferred from the Nyaya Court for reasons stated above.

Execution of decrees.

34. The total number of applications for execution of decrees during the year under report was 13 only against 140 last year. This low figure is due to the fact that all attachments of property of the agriculturists were stopped for the time being owing to the partial failure of rains last year. Adding the balance of 59 applications remaining from last year to the number filed during the year the total for disposal was 59 of the aggregate value of Rs. 2,686. Of these 6 applications of the value of Rs. 155 were disposed of leaving a balance of 66 of the value of Rs. 2,530.

Civil Appeals.

35. There was but one appeal filed during the year under report in the Huzur Court the decision in which was reversed.

Extradition.

36. Two persons in two cases were surrendered to the State by Lunawada authorities. The persons extradited by the State were as under :—two persons in 1 case to the Lunawada State; two persons in 1 case to the Kudana State and one person in one case to the Sanjeli Japtidar. The exchange of these prisoners is done in accordance with the Extradition treaties between the States concerned.

Border

By order of the ~~Baroda~~ Court held in February last at Salukapat the State handed over one person charged with culpable homicide to the Banswara authorities.

No extradition treaty exists between this State and the Southern Rajputana States. But in accordance with the Government Resolution No. 7,594 of 24th December 1886, since repeated in 1903, the States by a mutual understanding exchange offenders charged with heinous offences such as murder, through the Border Court. The question however of introducing extradition rules instead of the present Border Court ones between the States is under consideration and negotiations are in progress and it is hoped that the matter will soon be concluded satisfactorily.

Jail.

Convicts.

37. There is only one jail in the State at Rampur with sufficient accommodation for about 125 prisoners. The total number of convicts in the jail during the year including 7 remaining from last year was 57 against 33 and the daily average was 11·5 against 12·5.

Other particulars.

38. Of the total number of convicts admitted in the jail during the year 47 were under the I. P. Code and 3 under other Acts. Classified according to caste 23 were Kolis, 16 Bhills, 5 Mahomedans and 3 each Banjaras and Naikdas. Again 43 were agriculturists, 3 labourers, 2 petty tradesmen and 2 servants. Of 57 convicts in the Jail 43 were released on the expiry of their terms of imprisonment. There was no female convict. 6 of the convicts had one previous conviction.

Under trial prisoners.

39. The total number of under trial prisoners admitted in the Jail during the year under report was 73 including one remaining from last year. 35 of these were convicted, 17 were acquitted or discharged, 3 surrendered outside the State, 1 died and 17 remained to be tried at the end of the year. Of the total number 39 were disposed of within 15 days and the rest above that period.

Health.

40. The general health of the prisoners both convicts and under trial was on the whole satisfactory. There was but one death in the jail that of an under trial prisoner from fever.

Conduct.

41. The general conduct of the prisoners during the year was on the whole quite satisfactory no offence whatever against prison discipline having been reported.

Expenditure.

42. The total expenditure of the Jail amounted to Rs. 988 against Rs. 673 last year and the income by way of wages earned by the prisoners on extramural works in the State gardens etc was Rs. 266 against Rs. 347 last year.

Registration.

Receipts and expenditure.

43. The number, nature and the value of the documents registered will be found in Appendix XIV and the receipts etc under the head, in the next one. No separate expenditure is incurred as the work is done by the Huzur Establishment.

Municipality.

Income and expenditure.

44. Really speaking there is no Municipality in the State. The so-called institution in Rampur is merely a State department; a sort of a Sanitary Board, consisting of 9 members (4 official and 5 non-official) presided over by the Nyayadhish. The chief work of this body is to supervise the conservancy and the street lighting etc of the towns of Sunth and Rampur. Its expenses were hitherto defrayed from a State grant of Rs. 1,500 per annum. But from November last this grant was discontinued and the Municipality had to devise some means to make it self-supporting. With this view a scheme was drawn up and sanctioned, the following being its chief sources of revenue :—

1. Octroi duties.
2. Cattle-pound income.
3. Land rent in the Municipal limits.

Besides this, the Municipality has been permitted to levy a light tax on all vehicular traffic plying in or passing through its limits.

CHAPTER IV.

Production and Distribution.

Weather and crops.

45. The season 1912-1913 was on the whole satisfactory the rainfall being copious (52'·46") and much above the average (34'·85") of the last five years. But as it was not well distributed, July and August getting almost the total fall of the season (49'·51"), both the khariff and rabi crops were not up to the normal. The outturn of the principal khariff crops viz., maize, bajri and rice was 8, 12 and 12 annas respectively and that of rabi crops viz., wheat and gram was 10 and 12 annas respectively. The scarcity of fodder however on account of the scanty rainfall of the previous year was entirely removed and the supply was abundant.

Wages and labour.

46. Owing to fairly good season the demand for labour both skilled and unskilled was considerable. The small number of the former class locally available, supplemented from outside met this demand to some extent; but the cry for unskilled labour was as great as ever. The wages of skilled labour was from 8 to 12 annas and that of unskilled one from 2 to 3 annas per day.

Prices of food grains.

47. Owing to fairly good season the prices of food grains were lower than last year, but they were higher than normal by 15 to 20 percent throughout the year.

Forests.

48. The total forest revenue during the year under report amounted to Rs. 4,471 against Rs. 8,049 and the expenditure to Rs. 1,536 against Rs. 730 last year. The increase is due to the appointment of additional 12 beat guards in each of the two Divisions.

Customs duties.

49. The total value of the imports during the year was Rs. 2,57,561 against Rs. 1,90,174 and that of the exports was Rs. 4,02,149 against Rs. 3,20,167. The chief articles of imports were salt, spices, cotton goods, tobacco, metals etc, and those of exports were, grain, mowra flowers and berries, raw hides, ghee, oil and oil seeds etc. The total revenue under the head amounted to Rs. 15,069 against Rs. 11,586. The increase both in the value of the imports and exports and the customs duties is due to the better season during the year under report. The establishment consists of one Inspector, 19 Karkuns and Nakedars, and 9 pattawallas and the total expenditure amounted to Rs. 1,837 against Rs. 1,782 last year. No transit duties are levied, only a light duty is levied on all imports and exports.

Mauufacture.

50. None whatever.

Public Works.

51. The total expenditure of the department during the year under report amounted to Rs. 29,629 against 12,117 last year. The most important original work was the new Bag, Bungalow and the Sunth Risala. The most important repairs under the head communication were to the Town and Rampur–Godhra Roads. The total establishment charges during the year under report amounted to Rs. 632 against Rs. 588 last year.

Post Offices.

52. There are three Government Post Offices in the State, one sub-office at Rampur and 2 experimental branch offices at Hirapur and Malvan opened during the year under report. Mails for and from these offices and Kadana and Sanjeli are received at the Rampur Office for despatch.

Telegraphic Office.

53. The telegraphic communication referred to last year has supplied the long felt want in this out of the way place and the combined office at Sunth Rampur is largely patronized by the public.

General condition of State and people.

54. The year under report was fairly good and consequently there was a decided improvement in the condition of the people who had suffered to some extent owing to scanty rainfall of the previous year.

General Health.

55. The general health of the public was on the whole satisfactory. The State was quite free from plague but a very few cases of cholera and small-pox occurred during the early part of the year. The malarial fevers were much more prevalent owing to greater amount of rainfall received.

Agricultural stock.

56. Appendix XX shows the agricultural stock in the State. There is a slight decrease noticeable due to causes mentioned in the last year's report.

Abkari.

57. The final year of the Abkari Farm let for a period of 3 years from November 1910 expires on 31st October next. The farm to manufacture and sell liquor is conducted under "minimum guarantee and still-head duty system," the guarantee for the year being Rs. 35,000. Liquors of two strengths viz., 25° U. P. and 60° U. P. are manufactured in the central Distillery at Rampur whence it is supplied to all the shops in the State. The rate of still-head duty for 25° U. P. is 12 annas and that for 60° U. P. 6 annas and the selling price Rs. 2-4-0 and 0-12-0 respectively. The total consumption of liquor as compared with last year was as under:—

Year.	Kind of Liquor.	
	25° U. P. gallons.	60° U. P. gallons.
1911-1912.	1675	46,000
1912-1913.	1600	61,000

The incidence of consumption as compared in the last year is thus 1·05 against ·8 gallons.

Opium.

58. The retail sale of opium is conducted departmentally through the Sayar Karkuns. The system for the vend of this drug is assimilated in its general features to that in force in the British District of Panch-Mahals. The total sale of opium was 360 lbs against 377 lbs, the incidence of consumption per head of population being 45 against 45·7 grains last year.

59. Bhang and ganja are also sold departmentally by the same agency. The total sale was as under:—

Intoxicating drugs.

Year.	Kind of drug	
	Bhang lbs.	Ganja lbs.
1911–1912.	15	66
1912–1913.	24	58

The incidence of consumption per head of population was Bhang 2·6 and Ganja 7 grains against 1·8 and 8 grains last year respectively.

60. The total excise revenue during the year under report was Rs. 41,066 against Rs. 40,686 last year.

61. There were 2 cases against the Opium Act affecting 3 persons all of whom were punished. The cases under the Abkari Act were also 2 involving 4 persons who were punished.

Opium and Abkari cases.

CHAPTER V.

Revenue and Finance.

62. The revenue year of the State begins in November and ends in October and consequently the figures given in Appendix XII are for the Samvat year 1968. The total gross receipts during the year was Rs. 1,01,962 against Rs. 1,66,709. This big drop in the revenue is due to the partial failure of the monsoon during the above period. Almost all heads on the receipt side show a large decrease, that under the "land revenue demand" being the principal one.

Cause of increase and decrease in the receipts.

63. The total liabilities of the State as mentioned in the last report were:—

Loans.

Government Loan	Rs.	50,000
Private debts	„	5000
Total	Rs.	55000

A further sum of Rs. 50,000 out of the total sanctioned loan of Rs. 1,50,000 was taken for famine and administration purposes during the year under report, the total debts accummulating to Rs. 1,05,000. Rs. 10,000 towards the Government loan and Rs. 5000 towards the private debt were paid during the year under roport, leaving Rs. 90,000 of the Government debt to be paid off gradually.

CHAPTER VI.

Vital Statistics.

Dispensary.

64. Appendix 23 shows the medical relief afforded in the Rampur Dispensary and Hospital. The total number of patients treated both out-door and in-door was 7,245 against 6,129 and the daily average 69·4 against 59·5. The increase in the number of patients during the year is due to the more prevalence of malarial fevers in consequence of the greater amount of rain-fall. The total expenditure under the head was Rs. 2,074 against Rs. 1,270.

Vaccination.

65. The number of persons primarily vaccinated during the year under report was 2,291 against 2,273 and that of persons re-vaccinated was 22 against 9. The department is under the supervision of the Deputy Sanitary Commissioner, Gujarat but maintained by the State at an annual cost of Rs. 582 against Rs. 409 last year. Upon a request from the Sanitary Department the State during the year under report has agreed to introduce preserved lymph for vaccination and to bear an extra cost of about Rs. 150 per annum.

66. The total number of births registered during the year was 1,942 against 2,254 and that of deaths was 1,131 against 758. The registers of births and deaths are kept by the Talatis and their accuracy is often tested by the Mahalkaris and occasionally by the Dewan when on tour.

CHAPTER VII.

Education.

Vernacular Schools.

67. The number of Schools during the year under report was 12 against the same number last year, 11 of which are for boys and 1 for girls in Rampur. These schools are maintained by the State, but are under the supervision of the Government Education Department. Vernacular Education upto the 6th standard is imparted in these Schools which were inspected by the Assistant Deputy Educational Inspector Panch Mahals and Reva Kantha. The result was that 71·8 p.c. of the boys and 55·5 p.c. of the girls passed under all heads.

Expenditure.

68. The total expenditure of the department including dead-stock etc amounted to Rs. 4,457 against Rs. 3560.

Scholarships and prizes.

69. Besides the above amount a further sum of Rs. 90 against 110 was awarded as prizes etc in the Telang High School at Godhra as an encouragement to higher education.

CHAPER VIII.

Miscellaneous.

Library.

70. Doderet Library named after a former Political Agent, Rewa Kantha, is the only one of its kind in the State and is maintained solely from a grant of Rs. 150 per annum.

Border Court.

71. The annual Border Court was held at Salukapat in February last presided over by the Political Agent Mr. H. B. Clayton from the Rewa Kantha side and Major Hamilton from the Southern Rajputana Agency. This State had 5 cases, 4 against Banswara and I against Dungurpur, the amount claimed being Rs. 518 and Rs. 332 respectively. Of the four claims against Banswara 2 were withdrawn, Rs. 61 awarded in the third and the fourth, of the value of Rs. 404 held over till the next panchayat. In the single claim against Dungurpur a sum of Rs. 130 was awarded. On the other hand Banswara had 7 claims against Sunth of the aggregate value of Rs. 1177.2 of these were strauck off, 2 withdrawn and one of the value of Rs. 180 held over. Of the remaining two a sum of Rs. 350 adjudged in one and in the other the accused charged with culpable homicide was surrendered to the Banswara anthorities. Of the three Dungurpur claims of the total value of Rs. 749 one was withdrawn and two the value of Rs. 161 held over.

Accidental deaths.

72. The total number of accidental deaths was 18 against 25 last year. Of these 6 each were by snake bite and drowning, 3 by miscellaneous causes, two by suicide and one by falling from a tree.

Railways.

73. As mentioned in the last report the survey sanctioned by Government of the extension of Godhra–Lunawada Railway to Sunth-Rampur, a distance of about 20 miles has been made by Messrs. Killick Nixon & Co., and the sanction of the Railway Board and the Secretary of State for the construction of the line has been applied for by the Company.

Concluding remarks.

74. Ever since 1900 the State has been in embarassed condition financially. Famines, lean years, and heavy unavoidable extraordinary expenses have told heavily upon its limited resources, land revenue forming its chief revenue and it would be long before this indebtedness will be wiped off. For 7 months of the year under report the State was in charge of Mr. Lallubhai K. Desai, who retired on pension from 2nd November last handing me over the charge of the State and with it a legeay of heavy debt (Rs. 1,05,000), survey and settlement work unfinished and lastly the alienation settlement question still left undecided though the inquiries had been completed 3 years ago.

SUNTH RAMPUR,
18th May 1913.

Nichhabhai K.,
Dewan, Sunth State.

APPENDIX I.

Names of high officials in the Sunth State and Residency officials showing changes in personnel during the year 1912-1913.

Name of Officer.	Appointment.	Period.		Remarks.
		From	To	
Mr. Lallubhai Kallianji Desai.	Dewan.	19—6-03	1-11-12	Retired on pension
Mr. Nichhabhai Kallianji Desai B.A. L L.B.	Dewan.	2-11-12	31—3-13	In place of Mr. Lallubhai.

Nichhabhai K.,
Dewan Sunth State.

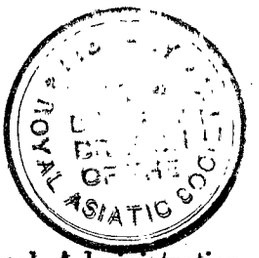
Dewan's Office,
Sunth Rampur 18th October 1914.

To,

Maha Rana Shri Jorawarsinhji,

Rajaji Saheb of Sunth.



Maharanaji,

I have the honour to submit herewith the Annual Administration Report of this State for the year ending 31st March 1914.

I have the honour to be,

Maharanaji,

Your most obedient Servant

Nichhabhai K. Desai,

Dewan, Sunth State.

SUNTH STATE

ADMINISTRATION REPORT

FOR THE YEAR

1913—1914.

CHAPTER 1.

General and Political.

Area and population.

1. Sunth is a second class State in the Rewa Kantha Agency with an area of 394 square miles and a population of 59,351 souls according to the last Imperial Census.

Gross revenue and tribute.

2. Based on an average of past five years the gross revenue of the State is Rs. 1,66,574 and the tribute payable to the British Government Rs. 5835 annually.

Particulars about the Ruling Chief.

3. Maharana Shri Jorawarsinhji, the present Ruling Chief of this State, is 33 years old. He is Purmar Rajput by caste and was first connected by marriage with a daughter of the present Chief of Shahpura in Rajputana. After the death of this lady who left no issue, the Rajaji married for the second time a daughter of the Ravatji Saheb of Kanod in Meywar. Both the families to which the Rajaji is connected by marriage are Sisodia Rajputs by caste. By the second marriage the Chief has one daughter and one son, heir to the Gadi which follows the system of primogeniture. The Chief has a sanand authorizing adoption and is entitled to a salute of 9 guns.

Domestic events.

4. No domestic event of any importance occurred during the year under report.

Visit by the Political Agent.

5. The Political Agent C. W. M. Hudson Esquire I. C. S. visited the State three times during the year under report chiefly in connection with the Bhil Rising on the North-east frontier of the State, the visit lasting

altogether for 23 days. Besides during his stay in this State visits and return visits were exchanged, the Jail and the dispensary were inspected and prizes were distributed to the Rampur and Sunth school children. An interesting ceremony of laying the foundation stone of English School building was also performed by Mrs. Hudson.

Distinguished visitors.

6. A number of distinguished officials both Civil and Military visited the State in connection with the Bhil disturbance on the Sunth–Banswara and Dungarpur border. Amongst those who visited the State in this connection were the Hon. Mr. R. P. Barrow Commissioner N. D., Major Hamilton, Political Agent Southern Rajputana States, Major Bailey of the 104th Wellesley's Rifles and other Military Officers.

The Raja Saheb of Baria and his brother Kumar Shri Naharsinhji with a body of well-drilled men both mounted and foot had also come to assist the State during the disturbance.

Mr. N. D. Daru, of the Geological Survey of India was also in the State during the year to complete his work.

Changes.

7. The most important changes in the personnel of high officials in the State that took place during the year under report are shown in Appendix I.

CHAPTER II.

Administration of Land.

Revenue Systems.

8. The systems in vogue for the present for the collection of land revenue dues are as under :—

1. Bingoti.
2. Khatabandi.
3. Kultar.
4. Farming.

Survey.

9. Uniformity of rates under these different systems are not of course possible; consequently the survey of the whole State has been undertaken and the work done by the department during the year under report was as under :—

No. of villages completely measured.	No. partially measured.	No. of village maps prepared.	No. of villages classified.
54	7	47	18

Thus the total work done by the department since it came into existence in 1911 is that 144 villages are measured and maps of 115 villages prepared, while the total number of villages classified is 29. The total expenditure of the department was Rs. 4,687 against Rs. 4,234.

Waste land.

10. The total number of arable waste land taken up for cultivation was 5,546 acres and the total acreage relinquished was 2,042.

Total area under cultivation.

11. Roughly speaking the total cultivable area in the State is about 98,408 acres. Out of these about 88,730 acres were under crops against 85,226 acres last year. Thus nearly 3,504 acres more were under cultivation during the year under report owing to favourable season.

Land revenue demand and collection.

12. The total land revenue demand, the amount collected and the difference between demand and collection for Samvat 1969 i. e. November 1912 to October 1913 are as under :—

Total demand.	Amount collected.	Difference.
115310	114079	1231

Reasons for variations.

13. This small difference between demand and collection calls for no special remarks.

Coercive measures.

14. During the year under report for the collection of the land revenue dues 884 notices were served on the Khatadars. Stronger coercive measures such as distress of property had to be resorted to in cases of 4 defaulters only.

Takavi advances.

15. The total quantity of grain takavi advanced to the ryots during the year under report both for seed and food was 11,308 maunds against 11548 maunds last year. The amount of cash takavi advanced was Rs. 2136 either for sinking well or for purchasing bullocks.

Boundary disputes.

16. There were no boundary disputes during the year under report with any of the neighbouring States or British Districts.

Alienation settlement.

17. There were altogether 89 claims for whole villages out of which 3 were decided and final orders passed thereon by the Rajaji. Of other miscellaneous claims for cash or land 48 out of 200 were finally decided.

Remarks.

18. Thus 86 claims for whole villages and 152 miscellaneous claims await final orders.

Wards' Estates.

19. The number of estates under the management of the State was the same as last year viz. 6. Some of the estates are under debt which is being paid off from their revenues. A statement showing the receipts, expenditure, the cause of attachment etc. of these estates is given in the prescribed form.

No.	Estate & name of holder.	Age.	Place of birth.	Place of education	Opening balance on 31st March 1913.	Receipts from 1-4-13 to 31-3-14.	Total.	Disbursment during the year.	Closing balance.	Area of land under management in acres.	Reasons for attachment.

CHAPTER III.

Protection.

Laws in force in the State.

20. The State has no laws of its own. But it has adopted most important of the British Indian Acts with slight modifications to suit local requirements and justice both Civil and criminal is administered according to the spirit of these laws. The most important of these enactments in force in the State are given in Appendix II. No new law was introduced during the year under report.

Military force.

21. There is no military force in the State.

Police its organization and description.

22. The Polic force is generally recruited locally, and consists chiefly of Mahommedans with a sprinking of Rajputs, Kolis, Nayaks etc. The foot police is armed with muskets and bayonets and the mounted police with carbines and swords. Besides on ceremonial occasions the latter carry lances.

Number.

23. The total strength of the police of all kinds including excise police was 173 against 158 last year. The increase of 15 men is due to the fact that owing to the Bhill rising in November last on the north—East Frontier, Pertapgher Thana police was increased and a new out-post, ~~mounted~~ manned by 1 head constable and 3 constables was created on Manghad Hill, scene of the Bhill disturbance.

Efficiency of the force.

24. A fair standard of efficieney in the preservation of order and prevention and detection of crime was maintained during the year under report.

Ratio.

25. The population and the total strength of the force being 59,351 and 173 respectively the ratio of the police comes to 1 to 343 heads and according to area (394 square miles) to 1 to 2·2 miles of territory.

Working of the Police.

26. The total number of offences reported to the police was 43 against 69 involving 43 persons against 98 last year. Of the total number of persons arrested 27 against 79 were convicted, 8 acquitted or discharged and the rest remained to be tried at the end of the year. The percentage of conviction to trial was thus 77·1 against 81·4 last year. The total value of the property stolen was Rs. 2,263 against Rs. 2,978 and that of the property recovered was Rs. 620 against Rs. 1,200. The percentage therefore of property stolen to that of property recovered was 27·3 against 40·2 last year.

Village Police.

27. No village police is maintained. The Kunbi villages employ their own watchmen; but the villages inhabited by Bhils look after their safety themselves. However the Patel of every village is bound to give information in the nearest thana

of the commission of any offence or of accidental or suspicious death of any person in the village.

Cost.

28. The total cost of the Police of all kinds was Rs. 13,622 against Rs. 14,243 last year.

Criminal Courts.

Courts and their powers.

29. The number of criminal courts in the State was the same as last year viz., 5 as under :—

1. Huzur Court presided over by the Rajaji and exercising the powers of a High Court.
2. Dewan's Court exercising the powers of a District Magistrate.
3. Nyayadhish's Court exercising the powers of a 2nd class Magistrate.

4 & 5. The two Mahal courts exercising the powers of a 3rd class Magistrate.

Criminal work.

30. Appendices VII & VIII show the criminal work done by the above courts during the year under report. The total number of offences reported was 140 of which 46 were cognizable and 94 non-cognizable affecting 77 and 201 men respectively of whom 34 and 41 were convicted respectively. The percentage of conviction to trial in cognizable cases was 44 and in non-cognizable cases was 20. Of the total number of cases 118 were under the Penal Code and the rest viz., 22 were under other Acts.

Heinous offences.

31. The following list shows the number of serious offences committed during the year under report and the previous year.

I. P. Code.	No. of offences committed.	
	In. 1912-13	In. 1913-14
121	0	1
302	1	1
304	1	0
309	1	0
392	1	0
396	1	0
Total.	5	2

Criminal Appeals.

32. Of the 3 appeals heard by Honourable Mr. R. P. Barrow, Commissioner N. D. who was specially empowered to hear the same against the convictions and sentences passed by the special court on Govindgar and other ringleaders in the Bhil rising case, the convictions in all of them were upheld but the sentences in two of them were reduced and in the third it was confirmed.

One appeal in one case involving one man was decided by the Huzur Appellate Court in which the sentence passed by the lower court was modified. There were 3 appeals in the District Magistrate's Court affecting 4 men in 3 three cases. Of these conviction and sentence in one case was confirmed and in the rest they were reversed.

Civil Justice.

Civil work.

33. The Courts which exercise original Civil Jurisdiction in the State are two as under:—

1. The Nyaya Court.
2. The Dewan's Court.

The former adjudicates suits upto Rs. 500 and the latter of any value. The total number of suits filed during the year was 325 and adding to this the balance of 41 from last year the total for disposal was 366. Of these 267 were decided during the year leaving a balance of 99 for disposal. The highest value of suit filed in the Nyaya Court was for Rs. 400 and that in the Dewan's Court was for Rs. 2885.

Execution of decrees.

34. The total number of applications for execution of decrees during the year under report was 475 against 13 last year. Adding to this the balance of 59 applications remaining from last year the total for disposal was 541. This large number is due to the fact that the order passed last year, owing to the season previous being unsatisfactory for stopping the attachment of the property of the agriculturists was withdrawn in February last and hence a large number of applications were filed. Out of the total applications of 541 including the balance from last year 119 applications of the aggregate value of Rs. 37290 were disposed of leaving a balance of 422 of the total value of Rs. 19729.

Civil Appeals.

35. There was but one appeal filed In the Dewan's court during the year under report which was not disposed of.

Extradition.

36. Five persons in three cases were handed over by the State as under:—

One person in one case under Sec. 457 I. P. Code to Lunawada.

One person in one case to the Godhra Authorities under Sec. 379 I. P. Code. Three persons in one case under sec. 379 to Baria.

Handed over to the State.

One person in one case under Sec. 302 I. P. Code by the Panch Mahals authorities.

No extradition treaty exists between this State and the Southern Rajputana States. But in accordance with the Government Resolution No. 7599 of 24 December 1886, since repealed in 1903, the States by a mutual understanding exchange offenders charged with heinous crimes such as murder, through the Border Court. The question, however, of general extradition between the States concerned is under consideration and negotiations are in progress and it is hoped that the Border Court system will be abolished.

Jail.

Convicts.

37. There is only one Jail in the State at Rampur with sufficient accommodation for about 125 prisoners. The total number of convicts in the Jail during the year under report including 14 remaining from last year was 67 against 57 and the daily average was 20·6 against 11·5.

Other particulars.

38. Of the total number of convicts admitted in the jail during the year 47 were under I. P. Code and 6 under other Acts. Classified according to caste 32 were Bhils, 10 Kolis, 5 Bhil-Kalals, 3 Banjaras, 1 Bava, 1 Mohommedan and 1 Thori. Again 39 were agriculturists, 9 labourers, 2 State servants, 2 petty tradesmen and one mendicant. Of 53 convicts in the jail 28 were released on expiry of their terms of imprisonment, 17 were transferred to the Banswara Jail and 2 in the Central Jail at Ahmedabad and one died. Five convicts remained in the Jail all of whom were males. There were 2 female convicts also. Only 2 convicts had one previous conviction.

Under-trial prisoners.

39. The total number of under-trial prisoners admitted in the Jail during the year under report was 88 including 17 remaining from last year. Out of these 53 were convicted, 32 were acquitted or discharged, 1 extradited and 2 remained to be tried at the end of the year. Of the total number 60 were disposed of within 15 days and 26 above that period.

Health.

40. The general health of the prisoners both convicts and under-trial was on the whole satisfactory. There was but one death in the Jail that of a convict from fever and general debility.

Conduct.

41. The general conduct of the prisoners during the year was on the whole satisfactory. No offence whatever against prison discipline was reported during the year under report.

Expenditure.

42. The total expenditure of the Jail amounted to Rs. 875 against Rs. 988 last year and the income by way of wages earned by the prisoners on extramural works in the State Gardens etc. was Rs. 447 against Rs. 266 last year.

Registration.

Receipts and expenditure.

43. The number, nature and the value of the documents registered will be found in Appendix XIV and the recipts etc under the head in the next one. No separate expenditure is incurred as the work is done by the Huzur Establishment.

Municipality.

Income and expenditure.

44. Really speaking there is no Municipality in the State. The so-called institution in Rampur is merely a State Department; a sort of a Sanitary Board, consisting of 9 members (4 official and 5 non-official) presided over by the Nyayadhish. The chief work of this body is to supervise the conservancy and the Street lighting etc of the towns of Sunth and Rampur. The chief sources of its revenue are

1. Octroi duties.
2. Cattle-pound income.
3. Wheel tax.
4. Miscellaneous.

The revenue derived from these sources were, Rs. 720,157,323 and 304 respectively. Thus the total earnings under this head amounted to Rs. 1504. Moreover a grant of Rs. 165 was received from the State to make good the deficit in the expenditure. Appendix XVI gives the total income and expenditure during the year.

CHAPTER IV.

Production and Distribution.

Weather and crops.

45. The season 1913-14 was characterized by an abnormally heavy rain. It opened with 3'-38" inches in May quite sufficient to commence agricultural operations. June was quite propitious no less than 16'-64" inches were registered. July brought on torrents of rain and during this month alone more than the average rain-fall of the year 35'-99" inches were measured-no less than 20' inches of which falling in as many hours. In August and September too 10'-52" & 6'-21" inches fell respectively thus bringing up the total to 72'·64" inches. In spite of this abnormally heavy rain the Season was quite favourable, and both Khariff and rabi crops were excellent. The outturn of the principal Khariff crops viz., maize, bajri and rice was 14, 8 & 8 annas respectively. The fodder supply too was abundant and thus the year was in every way prosperous from agricultural point of view.

Wages and labour.

46. Owing to favourable season the demand for labour both skilled and unskilled was considerable. The small number of the former class locally available, was not equal to the demand and consequently it had to be supplemented from outside; as for the labour of the latter class there was a cry as great as ever and the building contractors had to import a large number for their works. Consequently a higher rate of wages ruled, the skilled labour getting 12 annas to 1 rupee and the unskilled one 3 to 4 annas per day.

Prices of food grains.

47. Owing to the year being a properous one the prices of food grains were lower than last year. However they were higher than normal by about 10 to 15 percent.

Forests

48. The total forest revenue during the year under report amounted to Rs. 4381 against 4471 last year and the expenditure to Rs. 1946 against Rs. 1536. Increase is due to the additional beat guards having been employed throughout the year.

Custom duties.

49. The total value of the imports during the year was Rs. 2,74,735 against Rs. 2,57,561 and that of the exports was Rs. 5,87,361 against 4,02,149. The chief articles of imports were, salt, spices, piece goods, tobacco, metals etc. and those of exports were grain, mowra flowers and berries, raw hides, ghee, oil and oil seeds etc. The total revenue under the head amounted to Rs. 23,957 against Rs. 15,067. The increase both in the value of the imports and exports and the amount of the duties is due to the prosperous season. The establishment consists of one Inspector, 20 Karkuns and Nakedars and 9 pattawallas. The total expenditure of the establishment was Rs. 2052 against Rs. 1837 last year. No transit duties are levied; only the imports and exports are taxed lightly.

Manufacture.

50. None whatever.

Public Works.

51. The total expenditure of the department during the year under report amounted to Rs. 6,929 against Rs. 29,629 last year. The most important original work during the year under report was none. Only repairs to buildings and painting of the Sunth Palace Hall and Pertap Bag Bungalow was undertaken. The most important work under the head repairs was repairing the Sunth Risala which was damaged by the heavy monsoon. The total establishment charges during the year under report amounted to Rs. 602 against Rs. 632 last year.

Post Office.

52. At present there is one post office at Rampur and it seems to be sufficient for the present requirements of the State. The two experimental Branch offices opened at Malvan and Hirapur last year were closed. However arrangement has been made

for the daily service of Mail and the clearance of the letter boxes there. Mails from and to the Branch offices at Kadana and Sanjeli are received and despatched by the Sunth Rampur Sub Post Office.

Telegraphic Office.

53. The Sunth Rampur combined office has supplied the long felt want and is largely availed of by the public.

General condition of State and people.

54. Agriculture being the chief occupation of the people of the State their condition was quite satisfactory as the year was a prosperous one.

General Health.

55. The general health of the public was on the whole quite satisfactory. The State was quite free from plague but a few cases of small-pox occurred during the year but they were not mostly fatal. The malarial fevers were much more prevalent as the rain-fall was abnormally heavy.

Agricultural stock.

56. Appendix XX shows the agricultural stock in the State. Owing to good season there is an increase noticeable all round.

Abkari.

System and Revenue.

57. The abkari farm of the State was let during the year under report for a period of three years on "minimum guarantee and still head duty system" on an annual payment of Rs. 20,000 for the first, Rs. 22,000 for the second and Rs. 24,000 for the third year. Liquors of two strengths viz., 25° U. P. and 60° U. P. are manufactured in the central Distillery at Rampur whence it is supplied to all the shops in the State. The rate of still head duty for 25° U. P. is 12 annas and that for 60° U. P. six annas per imperial gallon and the selling price Rs. 2-4-0 and Rs. 1-2-0 respectively. The total consumption of liquor as compared with last year was as under:—

Year.	Kind of Liquor.	
	25° U. P. gallons.	60° U. P. gallons.
1912-1913.	1600	61,000
1913-1914.	1650	51,000

The incidence of consumption per head of population as compared with last year was ·8 gallon against 1·05 gallons.

Opium.

58. The retail sale of opium is conducted departmentally through the Sayar Karkuns. The system for the vend of this drug is assimilated in its general features to that in force in the Brltish District of Panch Mahals. The total sale of opium

was 349 lbs. against 360 lbs. last year, the incidence of consumption per head of population being 42 against 45 grains last year.

Intoxicating drugs.

59. Bhang and Ganja are also sold departmentally by the same agency. The total sale was as under :—

Year.	Kind of drug.	
	Bhang lbs.	Ganja lbs.
1912–1913.	24	58
1913–1914.	27	79

The incidence of consumption per head of populatton was Bhang 3 and Ganja 9 grains against 2·6 and 7 grains respectively.

60. The total excise revenue during the year under report was Rs. 40,868 against Rs. 41,066 last year.

Opium and Abkari cases.

61. There were 3 cases against the Opium Act involving 3 persons, 2 of whom were punished. The cases under the Abkari Act were 5 involving 5 persons, 4 of whom were convicted and one remained to be arrested.

CHAPTER V.

Revenue and Finance.

Cause of increase and decrease in the receipts.

62. The revenue year of the State begins in November and ends in October and consequently the figures given in Appendix XXII are for the Samvat year 1969. The total gross receipts during the year was Rs. 2,12,100 against Rs. 1,01,962. The big increase in the revenue is due to the season being quite favourable. All heads under the receipt side except 'Forest Revenue' show an increase. The most noticeable increases are under the heads, 'Land Revenue', 'Excise' and 'Extraordinary Miscellanous'.

Loans.

Liabilities.

63. The total liabilities of the State as mentioned in the last report were Rs. 90,000 being a balance of Government loan of Rs. 1,00,000 taken year before the last for famine and administration purposes. A sum of Rs. 13,600 including interest was paid towards this debt during the year under report leaving Rs. 79998–8–0 (76,400 on account of principal and 3598–8–0 on account of interest) to be paid off gradually by instalments.

CHAPTER VI.

Vital Statistics.

Dispensary.

64. Appendix XXIII shows the medical relief afforded in the Rampur Dispensary and Hospital. The total number of patients treated both out-door and in-door was 6,941 against 6,129 and the daily average 72 against 69·4. The increase in the number of patients is due to the more prevalence of malarial fevers in consequence of the abnormally heavy rain-fall. The total expenditure under the head was Rs. 2,145 against Rs. 2,074.

Vaccination.

65. The number of persons primarily vaccinated during the year under report was 2,129 against 2,291 and that of persons re-vaccinated was 13 against 22. The department is under the supervision of the Deputy Sanitary Commissioner Gujarat but maintained by the State at an annual cost of Rs. 418 against Rs. 582.

Births and deaths.

66. The total number of births registered during the year was 2,444 against 1,942 and that of deaths was 962 against 1,131. The registers of births and deaths are kept by the Talatis and their accuracy is often tested by the Mahalkaris and occasionally by the Dewan when on tour.

CHAPTER VII.

Education.

Vernacular Schools.

67. The number of Schools during the year under report was 12 against the same number last year, 11 of which are for boys and one for girls in Rampur. These Schools are maintained by the State but are under the supervision of Government Educational Department. Vernacular education upto the 6th standard is imparted in these schools which were inspected by the Assistant Deputy Educational Inspector Panch Mahals and Rewa Kantha. The result was that 59·7 percent of boys and 73·3 percent of girls passed under all heads.

English School.

68. During the year under report an English School was opened in Rampur. It was started in December last with 40 boys. For the present it is intended to give instruction upto the 3rd A. V. Standard. The School is housed temporarily in the Diamond Jubilee Hall till the completion of the new building which is in the course of erection.

Expenditure.

69. The total expenditure of the department including that for dead-stock etc amounted to Rs. 4,196 against Rs. 4,457 last year.

Scholarships and prizes.

70. Besides the above amount a further sum of Rs. 90 was awarded as prizes etc in the Telang High School at Godhra as an encouragement to higher education.

CHAPTER VIII.

Miscellaneous.

Printing Presses.

71. There are no printing presses in the State.

Library.

72. The Doderet Library named after a former Political Agent, Rewa Kantha, is the only one of its kind in the State and is maintained solely from a grant of Rs. 150 per annum from the State.

Border Court.

73. No Border Court was held during the year under report.

Accidental deaths.

74. The total number of accidental deaths was 20 against 18 last year; of these 14 were by drowning, 1 each by snake bite and wild animals and 4 by miscellaneous causes.

Railways.

75. The work of the extension of Godhra–Lunawada Railway to Sunth Rampur, a distance of about 20 miles is not begun as yet. It is hoped the Agents Messrs. Killick Nixon & Co. will take up the construction work as soon as possible.

The Bhil Rising.

Chief Events.

76. Govindgar a Banjara by caste originally belonging to the Dungarpur State in the Southern Rajputana Agency early in 1912 apparently set upon himself the task of improving the morals and habits and religious practices of the Bhils.

Within a short time a large number of Bhils belonging to this as well as to the States of Banswara, Dungarpur and the British District of Panch Mahals became his disciples. Finding a very large gathering under him, Govindgar very artfully and by degrees changed his religious propaganda to a Political one, that of establishing a Bhil Raj. With this object in view he sent messages to his disciples far and wide to gather together on Manghad Hill during the last Divali Holidays. He quietly repaired to the Hill where the Bhils fired with the prospect of a Raj flocked in large numbers armed with guns, bows and arrows, swords etc.

On the 31st of October an armed body of Bhils from the Manghad Hill attacked the Police outpost of Gadran, looted it, killed one Police constable and carried away the jamadar who was kept a prisoner upto the 15th November. Elated by this success, the next day they attacked the Fort of Pertapghar, but were repulsed by the State Police. They then took to looting villages in Sunth and Banswara limits.

The States concerned having become seriously alarmed at this lawlessness communicated the matter to their respective Political Officers.

Hon'ble Mr. R. P. Barrow, and Mr. C. W. M. Hudson with a detachment of armed Agency Police under the District Superintendent of Police, repaired to the scene of disturbance from the Sunth side and Major Hamilton from the Southern Rajputana States.

These officers having tried in vain to persuade Govindgar to disperse the unlawful assembly at last telegraphed for the Military. More than one opportunity was given to Govindgar to disperse the Bhils; but to no purpose. At last on the 17th November orders were given to the senior officer in command of the troops to clear the Hill with as little bloodshed as possible.

The orders were carried out thoroughly and expeditiously and in the most humane manner possible. Govindgar, Punja Pargi and other ring-leaders belonging to Banswara, Dungarpur etc. were made prisoners. The States concerned having delegated their powers to Government for disposing of this case a special tribunal was appointed consisting of Major Gough of the Political Department of the Government of India and Mr. Allison I. C. S. Bombay to try the accused. The trial took place in February last. Govindgar was convicted under sec. 121 and sentenced to be hanged, Punja Pargi under secs. 121 and 302 and sentenced for each of the offences to transportation for life, and the rest of the accused under secs. 148 and 149 to three years rigorous imprisonment. On appeal before Hon'ble the Commissioner N. D. the conviction of Govindgar was upheld, but the sentence was reduced to transportation for life. Both the convictions and sentences passed against Punja were upheld and confirmed. The sentences of the rest of the accused were reduced to six months rigorous imprisonment. Thus drops the curtain over an affair. which, if not promptly put down, would have ended most disastrously for the States concerned as well as for the surrounding British Districts.

Damage caused by heavy rain.

77. Abnormally heavy rain on the 27th and 28th July 1913—some twenty inches in as many hours-caused extensive damage to some State buildings, bridges, public roads etc. to the tune of some 60,000 rupees. But fortunately no loss was caused to public life or property.

Concluding remarks.

78. The financial condition of the State is still unsatisfactory, the unforunate Bhil Rebellion on the North-east frontier of the State and the great damage caused by the abnormally heavy rain-fall were the leading features of the year's administration. The heads of all departments willingly co-operated with me throughout the year and gave me great assistance during the crisis through which the State passed. I have much pleasure in recording here the valuable service rendered to the State by Mr. Shapurji P. Patel, the acting Head of the Police, who very calmly and bravely defended the Fort of Pertapgher against fearful odds, repulsing on the 1st November last an

attack of a strong body of armed Bhills from Manghad Hill. It is an open secret now that had the attack been successful the local Bhils as well as those in the neighbouring States and British Districts would have risen like one man and caused no end of trouble.

79. The Bhil Rising was a very serious affair; but under the kind and sympathetic advice and co-operation of Hon'ble Mr. R. P. Barrow and Mr. C. W. M. Hudson assisted by other Civil and Military Officers, to whom the best thanks of the State are due, the matter was brought to a satisfactory conclusion.

SUNTH RAMPUR,
18th May 1914.

Nichhabhai K. Desai,
Dewan, Sunth State.
